Quality training since 1962

About RTTC, TRIVANDRUM

Regional Telecommunication Training Center, Trivandrum is one of the premier training centers of BSNL. RTTC has been imparting quality training in modern Telecommunication & Information Technology areas to the officers of BSNL since 1962.

Now BSNL has decided to open its exclusive training centers to the individuals / students seeking advancement.

RTTC is located about 5km from Trivandrum Railway station, in a self-contained campus full of life and amenities. It is spread over a lush green landscape of over 29 acres of land.

There are facilities like hostel for trainees, post office etc inside the campus itself.
